

It is submitted that sufficient information is included to meet the requirements of the patent law in terms of providing a clear and complete botanical description of the plant. Therefore, the objection to the disclosure under 37 CFR 1.163(a) and under 35 USC § 112, first paragraph, as well as the rejection of the claim under 35 USC § 112, first and second paragraphs, should be withdrawn.

If the Examiner requires additional information, a non-final Office Action is requested to give the Applicant time to gather the additional information which the Examiner indicates is still required.

The application should be in condition for allowance and such action is respectfully requested.

Respectfully submitted,

KLARQUIST SPARKMAN, LLP
